RISK DISCLOSURE:

Investment Service

Investment involves risks. Past performance is not indicative of future performance. Before making an investment decision, customers should refer to the relevant investment product offering documents for detailed information including the risk factors. If customers are in doubt, independent professional advice should be sought.

Securities Service

Investment involves risks. The price of securities fluctuates, sometimes dramatically. The price of securities may move up or down and may become valueless. Losses may be incurred rather than profits made as a result of buying and selling securities. Customers should carefully consider whether the investment products or services mentioned herein are appropriate for them in view of their investment experience, objectives and risk tolerance level, and read the terms and conditions of relevant Securities Services before making any investment decision.

Risk of Margin Trading

The risk of loss in financing a transaction by deposit of collateral is significant. The Customer may sustain losses in excess of his cash and any other assets deposited as collateral with Dah Sing Bank, Limited. Market conditions may make it impossible to execute contingent orders, such as "stop-loss" or "stop-limit" orders. The Customer may be called upon at short notice to make additional margin deposits or interest payments. If the required margin deposits or interest payments are not made within the prescribed time, his collateral may be liquidated without his consent. Moreover, the Customer will remain liable for any resulting deficit in his account and interest charged on his account. The Customer should therefore carefully consider whether such a financing arrangement is suitable in light of his own financial position and investment objectives.

Risk of Providing an Authority to Repledge Securities Collateral etc.

There is risk if the Customer provides Dah Sing Bank, Limited (the "**Bank**") with an authority that allows it to apply his securities or securities collateral pursuant to a securities borrowing and lending agreement, repledge his securities collateral for financial accommodation or deposit his securities collateral as collateral for the discharge and satisfaction of its settlement obligations and liabilities.

If the Customer's securities or securities collateral are received or held by the Bank in Hong Kong, the above arrangement is allowed only if the Customer consents in writing. Moreover, unless the Customer is a professional investor, his authority must specify the period for which it is current and be limited to not more than 12 months. If the Customer is a professional investor, these restrictions do not apply.

Additionally, the Customer's authority may be deemed to be renewed (i.e. without his written consent) if the Bank issues him a reminder at least 14 days prior to the expiry of the authority, and he does not object to such deemed renewal before the expiry date of his then existing authority.

The Customer is not required by any law to sign these authorities. But an authority may be required by the Bank, for example, to facilitate margin lending to him or to allow his securities or securities collateral to be lent to or deposited as collateral with third parties. The Bank should explain to the Customer the purposes for which one of these authorities is to be used.

If the Customer signs one of these authorities and his securities or securities collateral are lent to or deposited with third parties, those third parties will have a lien or charge on his securities or securities collateral. Although the Bank is responsible to the Customer for securities or securities collateral lent or deposited under his authority, a default by it could result in the loss of his securities or securities collateral.

A cash account not involving securities borrowing and lending is available from the Bank. If the Customer does not require margin facilities or does not wish his securities or securities collateral to be lent or pledged, do not sign the above authorities and ask to open this type of cash account.

Unless the context requires otherwise, this document does not constitute any offer, invitation or recommendation to any person to enter into any investment or securities transaction nor does it
